2021 Summer Band Camps Update

As of the beginning of January, Palm Beach County Band Camps are hopeful that we'll be able to hold our camps in the summer of 2021. We realize that these are very uncertain times, but are continuing our planning in the possibility that we can operate safely this summer with no risk to our students or staff.

No registrations will be taken at this time until further notice. We will send out alerts via Constant Contact, Facebook and your band director once dates are approved and registration is open.
